Diana, I read this article, thought of our conversation, and completely agree. I'm looking forward to today's panel (starts at 1030am), despite the divisional mgmt concerns I expressed to you. Our conversation made a world of difference in my attitude. Thank you.

Lena,

Thank you for sharing this. When we spoke, I think that I mentioned to you the damage of not holding the session in ARD was greater and longer lasting than any negative consequences which might occur on me from cancelling it. This article certainly reinforces that notion.

Have you read the actual executive order? I recommend it. Then you're not relying solely on the judgement of others.

Diana
